The Patent Office has allowed all of the claims in the above-identified patent application, which Applicants acknowledge with gratitude. However, in the Notice of Allowability, page 3 is missing. Applicants request the Patent Office remedying the situation.

Also, on July 9th, Applicants submitted an IDS with two references. Just in case the Patent Office is not aware, Applicants would like to alert the Patent Office of a re-examination office action regarding US Patent Number 6,398,556, which cited the two references. The Serial Number of the re-examination proceeding is 90/006,915. Applicants have previously notified the Patent Office of the re-examination in the present application on October 22, 2003.

Dated: July 21, 2004

Respectfully submitted,
